DIMETHYL FUMARATE (DMF) STATEMENT

In April, 2009, the European Commission issued Decision 2009/252/EC that prohibits placing on the market, or making available products containing Dimethyl Fumarate (DMF).

Stretch film produced and sold by Sigma Stretch Film does not contain DMF and is in full compliance with this Decision.

A handwritten signature in black ink, appearing to read "Jeff Garcia", is positioned above the printed name.
