BHT & BHA Statement	January 1 st , 2026 – Dec 31 st , 2026
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

This letter is to certify that no products manufactured by Sigma Stretch Film contain Butylated Hydroxytoluene (BHT) or Butylated Hydroxyanisole (BHA). BHT and BHA are common food preservatives that were used in plastic several years ago. As new antioxidants have become available, these additives were eliminated from virtually all polyethylene resins

A handwritten signature in blue ink, appearing to read "Brad Blankenship", is positioned above the printed name.

Brad Blankenship
Technical Manager
Sigma Stretch Film
