Polystyrene Statement	January 1 st , 2026– Dec 31 st , 2026
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

Stretch film does not contain Polystyrene (EPS/PS) and is made almost entirely of Linear Low Density Polyethylene (LLDPE) with small percentages of other types of polyethylene resins for property enhancement. There are also varying amounts of polyisobutylene (PIB) for cling in certain blends. These materials are all sourced domestically.

A handwritten signature in black ink, appearing to read "Brad Blankenship", is positioned above the printed name.
