<b>Quality Statement</b>	January 1 <sup>st</sup> , 2026 – Dec 31 <sup>st</sup> , 2026
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

Sigma Stretch Film is committed to continuously improve the quality of its products and services to better satisfy the needs and expectations of its customers; and to deliver to them, on time and every time, defect-free products, and services.

Sigma Stretch Film manufactures, and supplies stretch film to a broad range of customers for the packaging of their products. Sigma warranties its film to be free of workmanship defects and stands behind its product with a one year from date of receipt warranty.

To accomplish this, Sigma follows an internally developed, comprehensive quality program that has been custom designed to monitor manufacturing, quality, and logistical variables vital to our industry. Sigma is constantly developing new and innovative procedures and processes to continually improve the quality, performance, and consistency of its stretch film products. Sigma Stretch Film's quality system requirements and parameters are well defined and documented in extensive detail in the Plant Operations Manual and Quality Manual.
