Heavy Metals Statement	January 1 st , 2023 – Dec 31 st , 2023
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

This is to certify that Sigma Stretch Film’s clear and colorless films contain less than 100 ppm by weight of the heavy metals lead, mercury, cadmium, and/or hexavalent chromium. This is in compliance with heavy metals requirements of the CONEG Model legislation and Canada’s May 1998 Packaging Regulations
