FDA and Food Contact Statement	January 1 st , 2026– Dec 31 st , 2026
Dates Covered:	
Authorized Company Representative:	Brad Blankenship, Technical Manager, Sigma Stretch Film

Films supplied by Sigma Stretch Film are not intended nor approved for direct food contact. As a result, Sigma is not able to supply the following commonly requested documents:

1. Bioterrorism Act of 2002 policies and procedures
2. Third party audit results
3. GMP policies and procedures
4. HACCP Certification
5. GFSI Certification

Although our facilities are not inspected or approved to produce food grade films, it should be noted that the materials used to produce our clear and colorless films are approved under FDA 21 CFR177.1520 direct food contact regulations, and these films are considered safe for use as a secondary or tertiary packaging component.

Brad Blankenship
