

Sigma Secure Performance Blown film has the highest load holding and puncture resistance making it ideal for heavy or C loads.

Sigma Secure combines extraordinary load-holding force with exceptional puncture and tear resistance to create a film which excels in capturing and holding heavy B and unstable C loads. The film's aggressive cling package promotes the bonding of all layers and eliminates tailing. It performs well in cold environments and its low-gloss surface improves scanning capabilities. This blown film's containment advantage means 15% to 25% less film usage versus typical cast, broad application films. Achieve the load security you require with less film. Secure Blown, the containment solution for tough loads!

SIGMA SECURE

Blown Film

Applications Include:

- Heavy Bagged Products
- Magazines and Papers
- Roofing Materials
- Liquids
- High Containment Applications
- Unstable B/C-Load Profiles
- Cold Environments
- Irregular shaped loads
- Heavy Weight Loads
- Brick and Block
- Large/Heavy Bagged Items

Film Width	Roll Length	Film Gauge	Roll Weight	Rolls/Pallet	Product Number
20"	4,000'	1.20 mil	38.4 lb	40	MPB2040120
30"	4,000'	1.20 mil	57.6 lb	20	MPB3040120
20"	4,400'	1.00 mil	35.2 lb	40	MPB2044100
