

Premium Cast Machine Designed for High Stretch Applications.

Sigma Magnum is the ideal film for machinery set up to run at high pre-stretch levels. This film is a high performance, cast, coextruded product developed for optimum performance when pre-stretched between 250 and 300 percent. Magnum is a premium 2-side cling stretch film. The enhanced strength and stretch characteristics mean minimal amount of film is required while providing maximum containment and load integrity.

SIGMA MAGNUM CAST Cast Film

Applications Include:

- Bagged Products
- Food Processors
- Most A/B-Load Profiles
- Worn/damaged equipment
- Light to Moderate weight loads
- Distribution Warehouses
- Automatic Equipment
